

ABRA-SMOOTH™ MINERAL SEA SALT

100% NATURAL & PURE IRISH MINERAL SEA SALT EXTRACT

- Natural fine powder like grain with natural Abra-Smooth surface
- Smoother, more gentle fine abrasive feel on the skin
- Revitalising benefits – speedy turnover of skin cells
- Re-hydration and natural mineral benefits
- Organic & Origin Green sustainable production process certified

- Create outstanding exfoliating products.
- Perfectly sized and gentle abrasmooth surface with mineral benefits.
- Unclogging of pores - Promoting healthy skin - Balancing oil production.
- Purifying pores of toxins and dirt and smoothing skin tone
- Dissolves, dissipates and disperses rapidly
- Perfect ingredient in shampoos, soaps, cleansers etc.
- Creating a radiant, fresh overall look and feel.

Blends with ease with essential oils, herbs, floral accents or other ingredients to create a new mineral sea salt experience, to cleanse and re-invigorate the skin, drive better circulation and allow skin to breathe easier

"Salt scrubs do a better job at smoothing the rough skin of the body. They offer therapeutic, mineralization benefits. Sea salts are natural purifiers that remove the toxins that block the pores of the skin. It helps the skin breath easier, promotes better circulation, tightens the skin and improves skin texture. Sea Salts have different trace minerals, which include calcium, magnesium, potassium, copper and iron. The minerals help to promote circulation, reduce the inflammatory response, act as a detoxifying agent and general muscle relaxant" SUKI KRAMER.

Why is Oriel Sea Salt so different?

Its Abra-Smooth surface is a natural fine abrasive surface that has not been ground. This delivers an exfoliating effect that is smooth, re-invigorating and re-hydrating on the skin. It is significantly more effective than ground sea salt or synthetic beads due to its natural Abra-smooth surface and mineral balance, which re-vitalizes the skin as it cleanses.

As an ingredient, its pure mineral rich, non-oxidized intense power of the sea delivers improved skin benefits. Harvested using patented technology.

The Story and Provenance:

A Million years of provenance. Birthplace of Ireland. A Tectonic Collision of Continents. Ancient fossils from America & Europe. The Kingdom of Oriel with 1000yrs of Sea Salt history. The source of the foundation pillars for "Newgrange Tombs", a World Heritage Site built 5000 yrs ago before the great Pyramids. International Grade "A" water. See our website for more.
